

PROJECT CONCEPT NOTE

(ID no. 19)

| | | |
|---|------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | Name of the Project | Encon Wind Power Project |
| 2 | Location of the Project (Village / District / State) | Chikkasiddavvancahalli Village, Chitradurga District, Karnataka, India |
| 3 | Brief Description of the project | <p>The purpose of the project is to generate clean electricity using wind energy. The project is also responsible for conservation of environment through use of wind (renewable energy) and Green House Gas (GHG) emission reduction, economic growth etc.</p> <p>This project will reduce the burning of fossil fuels by replacing thermal electrical generation. This will have global environmental benefits by reducing emission of GHG that contributes to global warning.</p> |
| 4 | Estimate of GHG abatement in tCO ₂ eq. | 44450 |
| 5 | Host Country Approval Status | Approved |
| 6 | Project Owner / Proponent | Encon Services Limited (ESL) IV Floor, Lanco Towers, 8-3-993 Srinagar Colony, Hyderabad-500 073 Tel: +91 (040) 23756054 Fax: +91 (040) 23757718 Email: econeng@encongeng.com Contact person: Mr. P.N.S Bhaskar Rao |
| 7 | Baseline methodology | SSC (Type I.D.) |
| 8 | Project Start Date | January 2001 |
| 9 | Project Completion Date | March 2002 |
