

## PROJECT CONCEPT NOTE

(ID no. 20)

1	Name of the Project	<b>Energy Efficiency project by modification of CO<sub>2</sub> removal system of Ammonia Plant to reduce steam consumption.</b>
2	Location of the Project (Village/ District / State)	Jagdishpur Industrial Area, Jagdishpur, Distt. Sultanpur, UP - 227 817, India
3	Brief Description of the project	Project proposed to install modified high energy efficient CO <sub>2</sub> removal system leads with GHG emissions reductions as CO <sub>2</sub> removal system steam consumption is reduced.
4	Estimate of GHG abatement in tCO <sub>2</sub> eq.	205169
5	Host Country Approval Status	Approved
6	Project Owner / Proponent	Indo Gulf Fertilizers Limited (IGFL), Jagdishpur Industrial Area, Jagdishpur, Distt. Sultanpur, UP – 227 817, India Contact person: Mr. Natwar Lal Jain Tel: + 91 (05361) 270032-83 Fax: + 91 (05361) 270165 URL: <a href="http://www.adityabirla.com">www.adityabirla.com</a>
7	Baseline methodology	<a href="#">AM0018</a>
8	Project Start Date	March, 2003
9	Project Completion Date	July, 2003
